

PLEASE POST AT AN AIRPORT NEAR YOU

Pokagon State Park Indiana Seaplane Fly-in September 23,24,25, 2022

Thanks to ISPA's efforts, Lake James was designated a PUBLIC Seaplane Base in 2012 (01E).

ISPA thanks the State of Indiana's Department of Natural Resources and Department of Transportation for their cooperation in making this change and opening more Indiana waters to seaplanes.

NOTICE: Attendance and participation in the Splash-In is at the pilot's own risk. Please be careful, considerate, and safe in your operations. We are still working to demonstrate that seaplanes are compatible users of Indiana lakes, in order to open more waters to seaplane access.

Please visit www.indianaseaplanes.org for weekend schedule of events
There will be a hard surface ramp for amphibis, and
plenty of soft beaching at waterfront for floats.

Directions by air:

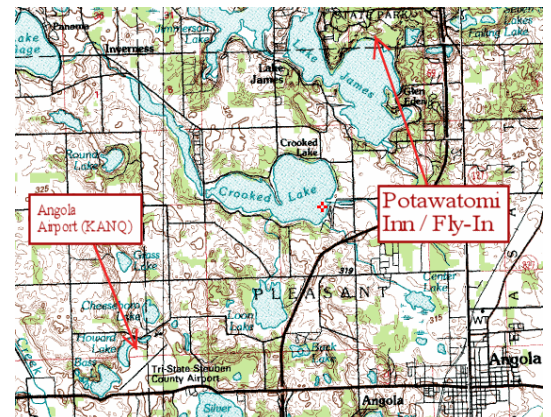

Fly direct to Angola airport (KANQ) in the far northeast corner of Indiana, then fly out runway 05. You will overfly some water but keep your eyes out for an island with a house on it, then look 30 degrees to the north and you will see a large inn with a red roof... or dial in 01E on your GPS and look for the inn on the south basin of Lake James in the NE corner
